

## **Happy Saint Patrick's Day.**

It's Saint Patrick's day and Everyone is Irish today and Irish music fills the air  
and Little children are smiling everywhere

And Saint Patrick's day has arrived And it's a time for joy a time for cheer The  
shamrock green a lucky sign A symbol blessed a gift divine and Saint Patrick  
we love you it's true

And Saint Patrick brave and strong And his story and legacy lives on He came  
to Ireland a long ago To teach us love and help it grow and

Parades march down every street From Oregon to Dublin bay and Children's  
happy faces dancing all around And the pipers play a lively reel And joyful  
sounds the people feel and

Green ribbons tied in every child's hair Green clothes to show that we all care  
Green hats and scarfs a festive sight An Irish celebration pure and bright

So let everyone around the world celebrate Saint Patrick's day and may his  
luck Touch your hearts on this very special day And Saint Patrick's day a  
blessed time A melody in every rhyme A day of hope a day of grace and

For Saint Patrick's day is here To banish gloom and spread good cheer So God  
bless you all around the world and may everyone have a beautiful and blessed  
Happy Saint Patrick's day.
